AGENDA ITEM SUMMARY

Local Targeted Occupations List (LTOL) for 4th Quarter of PY 22-23

GOAL	Strong Advancement of Existing and Emerging Local Targeted Industry Clusters
POLICY/PLAN/LAW	Workforce Innovation & Opportunity Act
ACTION REQUIRED	Review and Approve the LTOL for the 4th Quarter of Program Year 2022-2023
BACKGROUND	The Department of Economic Opportunity's (DEO) Bureau of Labor Market Statistics (LMS) has published the 2022-2023 Statewide Targeted Occupations List on the DEO website. The Statewide Demand Occupations list identifies the labor market needs of Florida's business community and encourages job training based on those needs, with emphasis on jobs that are both high demand and high skill/high wage, and is used as a baseline for establishing the Local Targeted Occupations Lists (LTOLs). The Local Workforce Development Boards (LWDBs) develop and use their LTOLs to identify occupations for which eligible adults and dislocated workers may receive training assistance under the Workforce Innovation and Opportunity Act.
	to be reviewed and approved on a quarterly basis in order to add occupations in demand or delete occupations that are declining.
STAFF RECOMMENDATION SUPPORTING	Staff reviewed local labor market information and resources regarding the LTOL. There is a recommended addition of occupations to the 4th Quarter of PY 2022-2023 list. Staff recommends approval of this LTOL for the 4th Quarter of PY 2022-2023.

EXTENSION REQUEST TO PROVIDE DIRECT SERVICES EXTENSION BEGIN DATE: 7/1/2023 EXTENSION END DATE: 6/30/2026

The Workforce Development Board of the Treasure Coast d/b/a CareerSource Research Coast (CSRC), with the approval of our Treasure Coast Workforce Consortium and the Executive Committee of the CareerSource Research Coast Board of Directors (the full Board of Directors will meet on April 26, 2023) submits the following request of designation to CareerSource Florida, Inc., for approval.

This extension request follows the outline suggested by the requirements stated in CareerSource Florida, Inc. Administrative Policy #83. The information required by this guidance is as follows:

1. A review of how the direct provision of workforce services during the prior period fit the business model that the LWDB proposed in its original request and any proposed changes in the business model or the particular workforce services the LWDB intends to provide during the extension period.

The Workforce Development Board of the Treasure Coast, Inc. officially became the direct provider of workforce services for Indian River, St. Lucie, Martin, and Okeechobee counties on January 1, 2009. The business model proposed in the original request to provide direct services was fully implemented and has been consistently successful in reducing costs, improving operations, and achieving high-performance outcomes.

For both Program Years 2020-2021 and 2021-2022, CSRC exceeded eleven (11) of the eighteen (18) negotiated WIOA Primary Indicators of Performance targets and met six (6). As of the second quarter of Program Year 2022-2023, CSRC is exceeding eleven (11) of the eighteen (18) targets.

The Workforce Development Board of the Treasure Coast, Inc. d/b/a CareerSource Research Coast (CSRC) has operated the WIA and now WIOA Youth Programming through a Subrecipient Agreement since 2012. Through a competitively procured process, CSRC awarded Henkels & McCoy, Inc. an agreement for WIA Youth Program and Services on July 1, 2012. After performance reviews each year by the CSRC Youth Council and the full Board of Directors, the agreement was extended for two additional years. Effective April 1, 2016, Henkels & McCoy Inc., assigned their Training Services Division to Eckerd Youth Alternatives, Inc. The CSRC Board of Directors approved this assignment and the assumption of the WIOA Youth Program and Services Agreement by Eckerd Youth Alternatives, Inc. As required, CSRC issued a Request for Proposals for WIOA Youth Program and Services in February 2016. After the rating of a review committee and approval by the CSRC Youth Council, Executive Committee, and full Board of Directors, Eckerd Youth Alternatives, Inc was awarded a Subrecipient Agreement for the period of July 1, 2016, through June 30, 2021, dependent upon performance. After successful performance reviews by the CSRC Youth Council and the full Board of Directors over the same period, the agreement was continually extended. CSRC again competitively procured Eckerd Youth Alternatives to serve as the WIOA Youth Services Provider for the period of July 1, 2021, through June 30, 2026.

In accordance with WIOA legislation, the CSRC Board of Directors defined and approved the role and responsibilities of a One-Stop Operator at their January 2017 meeting. Through a formal procurement process, a One Stop Operator was selected and awarded the contract for the period of July 1, 2017 – June 30, 2021, with annual renewal based on performance. In January 2019, the One Stop Operator notified CSRC of their intent to terminate the contract on June 30, 2019. Subsequently, in March 2019, CSRC released a One-Stop Operator RFP to accept proposals from vendors for the period of July 1, 2019, through June 30, 2022. CSRC conducted an open and competitive procurement process and received one proposal, which was ultimately rejected by the CSRC Board of Directors. CSRC formally requested and received approval from the CareerSource Florida, Inc. Board of Directors to serve as the One Stop Operator through June 2022.

After two failed procurement processes to secure a One Stop Operator for the period of July 2022 through June 2026, CSRC again formally requested and received approval to serve as the One Stop Operator from the CareerSource Florida, Inc. Board of Directors meeting in September 2022. CSRC continues to serve in this capacity until a One Stop Operator is successfully procured.

2. The effective date for when the extension will begin.

The effective date for the extension will begin on July 1, 2023.

3. The period of time, not to exceed three years for when the extension will be in effect.

The extension of direct service delivery for CareerSource Research Coast will be in effect for the period of <u>July 1, 2023</u> through <u>June 30, 2026</u>.

4. A review of the LWDB's stated reasons in its original request why the LWDB has decided to directly provide the workforce services, and an explanation of how it is in the best interest of the LWDB's customers that the LWDB continue to provide these services.

CareerSource Research Coast's primary reasons for assuming direct management of regional operations included cost savings, the opportunity to have more local control over operations and performance and to promote more effective communication with staff, clients, business customers, community partners and the public at large.

As the provider of direct services, CSRC has continually reduced administrative costs, eliminated duplication, and experienced additional cost benefits in staffing when the administrative and program staff are united under the same organization. Given the budgetary challenges that LWDB 20 has met and will continue to meet, the streamlining of management and oversight duties will be a key strategy for service delivery and continued performance outcomes.

In order to create a high-quality Career Center system in LWDA 20, CSRC has developed the following vision, mission and goals:

VISION:

To be the catalyst empowering our communities toward economic success.

MISSION:

Provide Opportunities. Improve Lives.

GOALS:

- **Customer-Centric Culture:** Expand our ability to identify and exceed customer needs and expectations
- **Collaborative Partnerships:** Expand our ability to meet the diverse needs in our community.
- **Marketing:** Expand the awareness and understanding of the roles and responsibilities of CSRC and the resources, services our partners and we can provide.
- Innovation: Promote continuous improvement.
- **Talent management**: Be the best place to work.
- 5. A review of the effectiveness of the firewall established by the LWDB to clearly separate existing roles as oversight body to the LWDB's workforce delivery system and its role as the direct provider of workforce services, and an explanation of changes to be made to the firewall.

The appropriate firewalls established by LWDB 20 guard against any conflict of interest and is described in detail in the Board's Administrative Plan. These established firewalls were validated through the most recent, 2022 – 2023 Internal Control Questionnaire.

Through its governance structure and operational guidelines, CareerSource Research Coast ensures the separation of oversight and management responsibilities. The Board of Directors also provides broad oversight through a committee structure which, for the purpose of workforce system oversight, is the Programs and Services Committee. Day-to-day operational management is the role of the CSRC management team, with specific responsibility for system management. This team consists of Directors, Career Center Managers, and Program Managers, under the leadership of the Vice President of Operations/Chief Operations Officer. The Vice President of Operations/COO reports directly to the President/Chief Executive Officer. The President/CEO is the sole point of accountability to the Board of Directors in the management of local operations.

The day-to-day service delivery tasks are assigned to staff stationed at our Career Centers and service-delivery access points. CSRC staff and jointly managed staff from the Department of Economic Opportunity provide client and customer direct services, exclusive of occupational skills training.

CareerSource Research Coast's firewall is also enhanced through the procurement of a contracted monitoring firm for all workforce programs. Program Managers for the Welfare Transition, Wagner Peyser, WIOA Adult, Dislocated, and Youth Programs provide continuous oversight and monitoring in their roles as subject matter experts.

Independent financial reporting and monitoring will continue to be contracted to a third party.

6. An identification of the grant programs(s) that currently fund the workforce service delivery model.

The workforce development system current funding sources include the following: Workforce Innovation and Opportunity Act, Title 1, Adults Workforce Innovation and Opportunity Act, Title 1, Dislocated Workers Workforce Innovation and Opportunity Act, Title 1, Youth Welfare Transition Program Supplemental Nutrition Assistance Program Wagner Peyser ReEmployment Services and Eligibility Assessment (RESEA) Program Trade Assistance Adjustment Jobs for Veterans State Grant St. Lucie County Board of County Commissioners Summer of Success Grant Indian River State College - USDOL YouthBuild 2.0 Grant Families Ascending Toward Economic Success (F.A.T.E.S.) Grant Florida Atlantic Workforce Alliance (FAWA) Grant

7. A cost analysis that documents the actual reduction in costs with the LWDB providing direct workforce services rather than contracting those services to another provider and an estimate of such costs and savings for the upcoming three-year period.

The actual reduction in costs with CareerSource Research Coast providing services rather than contracting service to another provider is as follows:

Program Year 2011-2012: Cost savings of \$603,276. Program Year 2012-2013: Cost savings of \$664,638. Program Year 2013/2014: Cost savings of \$790,216. Program Year 2014/2015: Cost savings of \$697,590. Program Year 2015/2016: Cost savings of \$637,202. Program Year 2016/2017: Cost savings of \$648,367 Program Year 2017/2018: Cost savings of \$648,363 Program Year 2018/2019: Cost savings of \$636,363 Program Year 2018/2019: Cost savings of \$580,280 Program Year 2019/2020: Cost savings of \$614,421 Program Year 2021/2022: Cost savings of \$556,456

In keeping with the trends of previous years' savings, CSRC estimates an average cost savings of approximately \$600,000 per year over the next three years.

8. A review of any other realized improvement to service delivery and performance outcomes, and description of anticipated improvements.

As the Local Workforce Development Board for Local Workforce Development Area 20, CareerSource Research Coast continues to meet and exceed all performance outcomes. The following are examples of CSRC's performance:

- Met the ITA Waiver Requirement each year since the waiver's inception.
- Met and exceeded the Primary Indicators of Performance
- Consistently achieved minimal or no monitoring findings in the WIOA, SNAP, and TAA programs

Examples of our improvement to service delivery are listed below.

- CSRC serves as the sponsor of seven Registered Apprenticeship Programs (RAPs) and works with industry representatives and local businesses to develop new RAPs as needed. CSRC's current RAPs are Industrial Manufacturing Technician, Truss Design Technician, Distribution Logistics Technician, Marine Services Technician, Tech Support Specialist, Network Support Specialist, and Cybersecurity Technician.
- CSRC, the Indian River County Economic Development and area manufacturers collaborate with the Treasure Coast Technical College, Vero Beach, to develop a one-week manufacturing boot camp, to serve an underrepresented population of Indian River County and provide a mechanism for marketing apprenticeship opportunities available locally. The boot camps include tours at local manufacturing sites, hands-on activities, and soft skills to build a foundation on the benefits of a career path in manufacturing. There are slots allotted for graduating high school seniors selected through an application process. These individuals are offered the opportunity to go directly into the IMT Registered Apprenticeship, earning while they learn.
- CSRC hosts an annual Career Connect Conference, an industry-driven half-day conference that brings together 600
 plus high school Juniors and Seniors to explore post-secondary training options, and career path opportunities in
 various industry sectors in demand. The conference features keynote speakers and sector industry leaders who
 engage students with hands-on career exploration opportunities, leadership skills, career readiness, and financial aid
 information
- In order to start building talent pipelines to meet the needs of sectors in demand, CSRC serves as a convener for the area's Workforce Readiness Taskforce, which together economic development agencies, educational providers, business leaders representing industry sectors in demand and community partners. The mission of this industry-led task force is to organize processes and leverage resources to support a focused sector-based talent development pipeline to meet the needs of employers and career seekers throughout the LWDA.
- CSRC is a partner of the Lincoln Park Common Good Initiative, a collaboration of Allegany Franciscan Ministries along
 with community residents and stakeholders to create opportunities, develop strategies and make investments that
 lead to positive life outcomes for people in Lincoln Park, an under-resourced community in Fort Pierce. In partnership
 with Lincoln Park Common Good Initiative, the Lincoln Park Career Pathways Initiative (LPCPI) was developed to
 provide career training and supportive services for participants in the initiative's manufacturing, logistics and health
 care training. CSRC works closely with economic development partners to develop employment opportunities for
 the participants who successfully complete the training and gain industry certifications.
- Summer of Success (SOS) is an innovative eight-week work-readiness training program consisting of soft skills training and work experience through paid internship. Youth ages 16-24 who reside within the participating County may apply. Priority of enrollment in Summer of Success is given, but not limited to, youth facing life barriers such as: criminal offenders, pregnant or parenting youth, youth with disabilities, youth living in a high poverty area, or youth identified as at-risk for street gang activity. SOS provides many young people with their first experience in the workplace, and every step from the online application to the exit evaluation at the end of the program is designed to closely mimic actual employment. Once the internship is complete, the participant will have positioned themselves to enter a Pre-Apprenticeship, Apprenticeship or OJT opportunity which will lead to increased wages, additional training, and nationally recognized certifications.
- CSRC sponsored a TANF Summer Youth Program from June 2022 through August 2022 that supported teen pregnancy prevention programs for 68 youth served through partnerships with the Boys and Girls Club of St. Lucie County, The Inner Truth Project, END IT Corp, and investHER Academy + Startup Smart Kids. CSRC intends to sponsor the TANF summer program whenever funding permits.
- In conjunction with the Children Services Councils and the Early Learning Coalitions and along with three additional LWDBs, CSRC was selected to participate in the F.A.T.E.S. Demonstration Project (2Gen). As part of a regional initiative, CSRC received funding under the Pathways to Prosperity Initiative to offer individualized career services to a cohort of thirty families in targeted neighborhoods within census tract areas of greatest poverty. Basic and intensive WIOA services, focusing on CSRC's sector strategies, are provided to select families receiving subsidized childcare to encourage career advancement and wage progression. These target families may be provided with career readiness and advancement counseling, coaching, soft-skills development, assistance with training and education, assistance with the cost of transportation, and job placement. Low-income families often experience a disincentive to progress in their wage earning and asset building when an increase in income will disqualify the household from continued access to supportive programs, such as affordable childcare. The design of the F.A.T.E.S. Demonstration

Project (2Gen) included addressing this "cliff effect" by integrating a three-year phase-out period to mitigate the fiscal cliff created by the abrupt termination of childcare benefits after reaching the maximum allowable household income.

- CSRS partners with community organizations to host the annual Homeless Veterans Stand Down which focuses on the local homeless Veteran population providing them with food, clothing, mobile showers, health screenings, haircuts, legal services, and much more.
- With special grant funding received during Program Years 2021-2022 and 2022-2023, CSRC deployed a Recovery Navigator to address the opioid crisis' impact on the local workforce development area. CSRC's Substance Use Disorder (SUD) initiative aims to enhance and build upon community infrastructure that effectively connects individuals in SUD recovery to employment resources while raising employers' awareness of the benefits of hiring individuals from this nontraditional talent pipeline.
- To advance and promote the SUD Initiative, the Recovery Navigator serves as the Co-Chair of Drug-Free St. Lucie, a coalition of area leaders working to develop infrastructure for community-based public health approaches that lead to effective and sustainable reductions in alcohol, marijuana, and other substance use in St. Lucie County, FL, the area most significantly impacted by the opioid crisis. The Recovery Navigator also produces a monthly radio broadcast focused on SUD and individuals in recovery. The broadcast boosts awareness of SUD challenges, opportunities, and overall impacts on workforce development, but most importantly, features special guests highlighting SUD-supportive employers and successful employees. Guests representing trade associations, addiction treatment centers, Florida's Department of Health, CareerSource program staff and partners, the Public Defender's Office, therapists, and medical professionals have all participated in the broadcasts. CSRC's SUD Initiative resulted in the development of the Recovery Support Specialist, Addiction Counselor, and Behavioral Health Technician Registered Apprenticeship Programs developed in collaboration with the Florida Behavioral Health Association.

Under direct service provision, CareerSource Research Coast experiences more control over day-to-day operations and performance, as well as better communications with staff, clients, customers, community partners and the public at large. With the implementation of WIOA and as the workforce climate changes or new initiatives and goals are set, CareerSource Research Coast has the proven ability to reorganize staff to create empowered teams with an emphasis on excellent customer service and outstanding performance.

I. PURPOSE AND SCOPE

The purpose of this policy is to outline the processes for Local Workforce Development Boards (LWDBs) to:

- 1. Request designation as a direct provider of workforce services (other than training services);
- 2. Request an extension of a previous designation as a direct provider of workforce services; and
- 3. Submit annual performance reports.

II. BACKGROUND

WIOA allows LWDBs to be direct providers of basic and individualized career services (also referred to as "workforce services"), with the agreement of the Chief Elected Official in the local area, LWDB, and the Governor. LWDBs have the flexibility to award contracts for career services and are not required by statute to competitively procure providers of career services. WIOA regulations strongly encourage the use of a competitive procurement process in the selection of providers for program activities and services. Providers of youth and training services must be competitively procured.

Revision History

DEO FG 083 - Direct Service Provider Designation, November 18, 2013

III. AUTHORITY

Workforce Innovation and Opportunity Act of 2014, <u>*Public Law 113-128*</u>, Sections 107(d)(10)(D); 107(g)(2); and 121(d)(4)(A)

Workforce Innovation and Opportunity Act Final Rule, 20 CFR 679.410 and 20 CFR 679.430, August 19, 2016

Training and Employment Guidance Letter (TEGL) No. 15-16, <u>Workforce Innovation and</u> <u>Opportunity Act (WIOA) Competitive Selection of One-Stop Operators</u>, January 17, 2017

Florida Statutes, Section 445.007(6)

IV. POLICY

LWDBs that wish to be designated as direct providers of workforce services (other than training services) must formally request to do so. The LWDB initiates the process by submitting a Statement of Intent to Serve as a Direct Provider of Workforce Services (see Section VI – Attachments), addressed to the President of CareerSource Florida, requesting permission to become a direct provider of workforce services (other than training services). The following items must be included with the statement and be incorporated into the LWDB's local WIOA plan upon approval of the request:

- 1. A description of the revised business model the LWDB has elected to follow, a description of the workforce services the LWDB plans to provide, and how the services will be delivered. This will include a reference to those items in the local WIOA plan that would change if the request is approved (at a minimum, the process for selecting service providers and the description of the local one-stop system), as well as a revised organization chart reflecting the proposed new structure and service delivery model.
- 2. The effective date for when the LWDB will begin to provide workforce services.
- 3. The period of time, not to exceed three years, the LWDB will directly provide workforce services. The request should include a description of any transitional period needed to ensure continuity in service delivery to the LWDB's customers.
- 4. A statement of the reason(s) why the LWDB has decided to directly provide the workforce services.
- 5. A description of how the LWDB will establish a firewall that clearly separates and defines its existing role as the oversight body for the LWDB's workforce delivery system from its new role as the direct provider of workforce services.
- 6. Identification of the grant program(s) that currently fund the workforce service delivery model and that will fund the LWDB's direct service activities.
- 7. The estimated cost of the services and results of a cost analysis that documents expected reduction in costs if the LWDB provides the workforce services rather than contracting those services to another provider.
- 8. A description of any other anticipated improvement to service delivery and performance outcomes.

- 9. Documentation that the public was provided at least 30 days' notice to review and comment on the proposed change in service delivery. Any submitted comments must be included.
- 10. Documentation that the Chief Elected Official has agreed to the planned change in service delivery.
- 11. The completed Statement of Intent to Serve as a Direct Provider of Workforce Services (see Section VI Attachments).

LWDBs as Direct Providers and One-Stop Operators (OSOs)

LWDBs may serve as both a direct provider of workforce services (other than training services) and as the one-stop operator. LWDBs are not required to compete to serve as direct service providers, but are required to participate in the competitive procurement process to serve as the OSO as outlined in the <u>One-Stop Operator Procurement Administrative Policy 097</u>. In cases where the LWDB is both the one-stop operator and a direct service provider, there must be firewalls and internal controls within the operator/service provider entity, as well as specific policies and procedures for oversight, monitoring, and evaluation of performance of the LWDB as the direct service provider, consistent with 20 CFR 679.430.

Requesting an Extension to Serve as a Direct Provider of Workforce Services

LWDBs are required to submit a Request for Extension to Serve as a Direct Provider of Workforce Services (see Section VI–Attachments) to operate as a direct provider of workforce services (other than training services) at least every three years. The LWDB must state they wish to extend their permission to be a direct provider of workforce services three months before the current approval expires. A request for extension must include the following:

- 1. A review of how the direct provision of workforce services during the prior period fit the business model that the LWDB proposed in its original request and any proposed changes in the business model or the particular workforce services the LWDB intends to provide during the extension period.
- 2. The effective date for when the extension will begin.
- 3. The period of time, not to exceed three years for when the extension will be in effect.
- 4. A review of the LWDB's stated reasons in its previous request why the LWDB has decided to directly provide workforce services, and an explanation of how it is still in the best interest of the LWDB's customers that the LWDB continue to provide these services.
- 5. A review of the effectiveness of the firewall established by the LWDB to clearly separate existing roles as oversight body for the LWDB's workforce delivery system and its role as the direct provider of workforce services, and an explanation of changes to be made to the firewall.
- 6. Identification of the grant program(s) that fund the workforce service delivery model.
- 7. A cost analysis that documents the actual reduction in costs with the LWDB providing workforce services rather than contracting those services to another provider and an estimate of such costs and savings for the upcoming three-year period.

- 8. A review of any other realized improvement to service delivery and performance outcomes and description of anticipated improvements.
- 9. Documentation that the public was provided at least a 10 days' notice to review and comment on the proposed extension. Any submitted comments must be included.
- 10. Documentation that the Chief Elected Official has agreed to the planned extension.
- 11. Completed Request for Extension to Serve as a Direct Provider of Workforce Services (see Section VI Attachments).

Review and Approval Process

CareerSource Florida (CSF) and the Department of Economic Opportunity (DEO) will review the LWDB's request for permission to be a direct provider of workforce services or the request for an extension for compliance with statutory requirements and this policy. DEO will make a recommendation to CSF of whether or not to approve the LWDB's request to be designated as a direct provider of workforce services. The LWDB will be advised of the final decision after the CSF board action is taken. Approval for any single request shall be granted for a period of up to three years.

Required Annual Performance Report

LWDBs designated as direct provider of workforce services must submit a performance report at the end of each program year for which direct workforce services were provided. The report shall contain, at a minimum, the following:

- 1. An analysis of cost savings as a result of the LWDB providing direct workforce services.
- 2. A description of improvement in performance outcomes.
- 3. A description of any "best practices" that could be shared with other LWDBs.

The annual performance report will be due no later than October 15th each year (or when requested) and shall be submitted via email to DEO at: <u>WIOA@deo.myflorida.com</u>.

LOCAL POLICY

PROGRAM OPERATION

CSRC will operate a WT Program with designated Career Planners who will provide services from each CSRC Career Center throughout Local Workforce Development Area (LWDA) 20. Services will be provided to WT Program participants referred by Florida's Department of Children and Families (DCF) for mandatory participation and WT Program applicants referred by DCF for work registration and sanction compliance.

APPLICANT ENGAGEMENT

The Florida Statute 414.095 (2018) requires all non-exempt Temporary Cash Assistance (TCA) applicants to register for work at the Local Workforce Development BoardLWDB. This process is referred to as work registration. CSRC, in conjunction with DEO, is responsible for administrating work registration to applicants of TCA in the LWDA 20. CSRC is responsible for engaging applicants for sanction compliance once the individual has served the full penalty period based on the sanction level imposed by DCF.

MANDATORY ENGAGEMENT

Once the applicant's TCA benefits are approved, he/she is referred to CSRC as a mandatory participant. Federal Regulations (45 CFR Part 261.11) require the completion of an initial assessment of a participant's skills, work experience, barriers, and employability within 30 days of the date the participant is approved for TCA. A detailed, well-structured Individual Responsibility Plan (or Alternative Responsibility Plan) is created, and frequently updated, to guide the participant toward achieving his/ her education and employment goals leading to long-term self-sufficiency.

PROGRAM ACTIVITIES

I

TCA recipients who are not exempt from work requirements must participate in countable work activities for a specified number of hours per week/ per month. CSRC assigns program activities to WT Program participants in accordance with Florida's Work Verification Plan (2012). Individuals who are unable to participate in work activities due to a medical limitation, may be deferred from participation under Florida Statute, Chapter 414.065(4)(d)(e)&(f). This provision allows for assignment of work activities consistent with a participant's medical limitation. In addition, individuals identified as victims of domestic violence may be deferred from participating so he/she may focus on the family's immediate safety needs.

PENALTIES

As a condition of ongoing eligibility for TCA benefits, WT Program participants are required to participate in the program. Failure, without good cause, to become fully engaged in targeted activities assigned by the Career Planner to increase work skills or to remove/mitigate barriers may result in a sanction against the family's TCA and, potentially, Supplemental Nutrition Assistance Program benefits. Florida defines "good cause for failure to comply with work or alternative requirement activities" as the temporary inability to participate due to circumstances beyond the participant's control.

SUPPORT SERVICES AND INCENTIVES

CSRC provides supportive services to WT Program participants, when allowable and necessary, to remove barriers to participation in work or alternative requirement plan activities and employment. In addition, CSRC provides incentive payments to WT Program participants to encourage the completion of activities leading to self-sufficiency.

TRANSITIONAL SUPPORT SERVICES

CSRC provides transitional support services to eligible participants working at least 25-20 hours per week for a period of one-two years following the closure of their TCA benefits because of earned income. Transitional supportive services are based on the availability of funding.

COMMUNICATION

Florida Job Connect provides WT Program participants with the opportunity to opt in to receiving online communication. DEO has authorized the use of online communication through Florida Job Connect with participants who have selected this option. When participants elect to receive online communication, they are notified that failure to log in and review their correspondence could result in a loss of benefits from DCF. As virtual appointments are offered as an option to participants, digital signatures will be accepted from both the Career Planner and the participant.

	Policy 91				

In February 2023, the state board approved a plan for system-wide transformation of Florida's workforce system. This plan included realignment and consolidation of Florida's current LWDAs from 24 to 21 and the authority to pursue system-wide improvements and planning regions (prescribed in sections 106(a)(2)(B) and (C), WIOA). Accordingly, during the upcoming meeting in June 2023, the state board is expected to approve the designation of the current 24 LWDAs and certify the current LWDBs for a period of one year from July 1, 2023 through June 30, 2024.

A subsequent application for LWDA redesignation and required documents for LWDB certification will be requested again next year at which point the state board is expected to consider approvals for the typical two-year cycle. This new cadence of LWDA redesignations and LWDB certifications will align with the cycle for submission of the state's WIOA four-year plan.

	Rated Elements	JM&Co	MKA	THF				Comments
1	Qualification (<u>60</u> Points Max)	60.0	60.0	50.0				JMCo has more experience in auditing workforce boards than the other vendors. All vendors had qualified staff.
2	Understanding (<u>60</u> Points Max)	60.0	45.0	40.0				Based on the number of CareerSource boards that JMCo provide audit services for, they possess a better understanding of the time and effort required, as board accounting is not standardized.
3	Cost (<u>60</u> Points Max)	25.0	60.0	40.0				While JMCo was the highest rated cost. They were only \$2,900 more than the second rated vendor and in year 5 were no longer the highest cost. The lowest cost proposer did not set a fixed cost for years 2-5. To be negotiated.
4	Experience (<u>60</u> Points Max)	60.0	30.0	30.0				Based on the number of prior audits for the CareerSource system, JMCo has the most experience.
5	Capacity (<u>60</u> Points Max)	60.0	40.0	45.0				JMCo and THF are larger firms with staff capacity to complete the audits, while MKA is a smaller firm with little workforce audit experience. Capacity is probably sufficient but not as high as other vendors.

Re: Termination of Agreement - Right of Termination Appeal

Dear Executive Committee,

QPI Healthcare Services, LLC. engaged in an Employer On-The-Job Training (OJT) Agreement with your company commencing July 1, 2022, with an expiration date of June 30, 2023. See included agreement, page 2, V.3.

In accordance with Section 18. Right of Termination, paragraph 2; If Employer disagrees with the reason of termination, they may file a grievance in writing within then (10) days of notice.

I am in receipt via USPS Certified Mail, dated Monday, March 7, 2023, of your "Notice of Termination" of the agreement for:

9. Acceptable documents required by finance are:

a. Completed and signed OJT Progress Report/Reimbursement Invoice showing rate of pay, number of hours worked, withheld taxes and trainee's progress during the training.

b. System-generated payroll register or a copy of the pay stub showing pay period, hours paid, gross wages, deductions, and net pay. If the employer does not utilize a payroll system and issues manual checks, a copy of the canceled check (front and back) must be provided. In this situation, the employer must also provide a statement that indicates the employee was paid at the contracted rate per the OJT Training Agreement, paid the corrects number of hours, and that all appropriate taxes were withheld.

I strongly oppose your decision to "Terminate" and have provided sufficient evidence to refute this decision.

Executive Committee, I simply do not understand is why this engagement became so convoluted. My designated staff member was advised on multiple occasions by your company to alter the "Payroll Report/Dates."

Our pay period runs from Thursday to Wednesday with a Pay Date of Friday, the following week. This is not a difficult concept and your team is/was adamant in demanding our records be altered to reflect a "Monday thru Friday work week.

I look forward to your decision.

Kind regards Séymou CEO
